

Going to the Library

This is the library.

I want to go to the Children's Area of the library to:

Read

Play on computers and iPads

Play in the Discovery Room

Play with puzzles and games

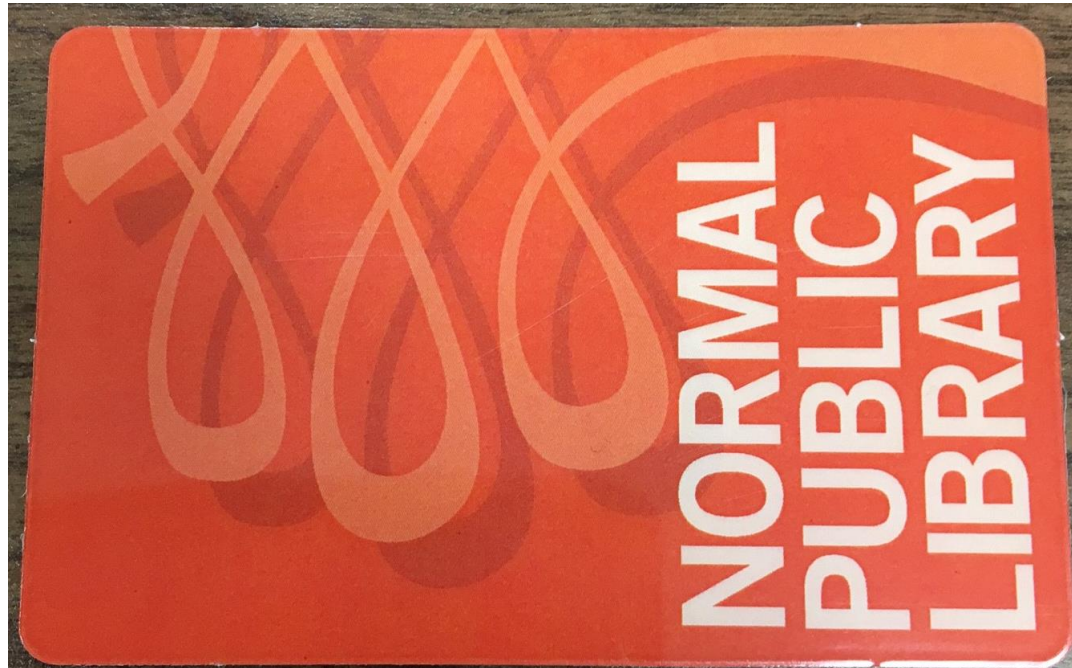

I can take the elevator or the stairs to the 2nd floor.

**I look for and find a book I want to
borrow and take home.**

**I need a library card to take the
book home for a while.**

**I can ask the librarian at the desk a question or I
can ask the librarian to help me.**

**I can take my book and library card to the
Check-Out desk on the first floor to check the
book out.**

Or I can use my library card to check out the book by myself.

When I come back I can return the books in the sorter.
